

I am writing to protest Sinclair Broadcasting's insisting their stations air a biased political "documentary" only days before the presidential election.

This is just the sort of thing that can happen now that corporations are allowed to monopolize the media outlets, but more importantly, I see Sinclair as violating the intent and letter of election and broadcast law. I'm sure they don't expect the FCC to intervene, but you must.

Sinclair is not serving the public interest, and their actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard.

Most importantly, please stop this violation of the public trust. Thank you.
